

PREPARED BY

IYACEP

PODCAST FOR THE ENVIRONMENT

Supported by

University	Bachelor's Degree	Master's Degree	PhD Degree
University of Oxford	Earth Sciences (Geology)	Biodiversity, Conservation and Management	Wind and Marine Energy Systems and Structures (EPSRC CDT)
	Geography	Environmental Change and Management	Geography and the Environment
		Nature, Society and Environmental Governance	Sustainable Urban Development
		Water Science, Policy and Management	Sustainable Urban Development
		Biodiversity, Conservation and Management	Environmental Research (NERC Doctoral Training Partnership)

		Energy Systems	Sustainable Approaches to Biomedical Science: Responsible and Reproducible Research (EPSRC Centre for Doctoral Training)
		Environmental Change and Management	Sustainable Approaches to Biomedical Science: Responsible and Reproducible Research (EPSRC Centre for Doctoral Training)
		Nature, Society and Environmental Governance	
		Sustainability, Enterprise and the Environment	
		Sustainable Urban Development	
		Water Science, Policy and Management	
University of Cambridge	Architecture	Architecture & Urban Design (MAUD)	Application of Artificial Intelligence to the Study of Environmental Risks
	Geography	Architecture and Urban Studies	Earth Sciences
	Natural Science	Earth Sciences	Future Infrastructure and Built Environment

		Engineering for Sustainable Development	Geography
		Environmental Policy	
		Geography	
		Planning, Growth and Regeneration	
		Sustainability Leadership	
Imperial College London	Earth and Planetary Science	Ecology, Evolution and Conservation Research	
	Civil Engineering with a Year Abroad	Ecosystems and Environmental Change	
	Civil Engineering	Advanced Materials for Sustainable Infrastructure	
	Earth and Planetary Science with a Year Abroad	Ecological Applications	

	Earth and Planetary Science	Ecology, Evolution and Conservation	
	Ecology and Environmental Biology	Environmental Data Science and Machine Learning	
	Geology with a Year Abroad	Environmental Engineering	
	Geology	Environmental Technology	
	Geophysics	Sustainable Energy Futures	
	Geophysics with a Year Abroad		
	Geophysics		
University College London	Earth Sciences (International Programme)	Anthropology, Environment and Development	Civil, Environmental and Geomatic Engineering
	Earth Sciences	Aquatic Conservation, Ecology and Restoration	Development Planning

Earth Sciences	Biodiversity and Global Change	Earth Sciences
Engineering and Architectural Design	Biodiversity, Evolution and Conservation	Energy
Environmental Geoscience	Built Environment: Environmental Design and Engineering	Energy, Resilience and the Built Environment
Environmental Geoscience	Built Environment: Sustainable Heritage	Environmental Design and Engineering
Geography (International Programme)	City Planning	Geography (practice-related)
Geography (International Programme)	Civil Engineering (with Environmental Systems)	Geography
Geography	Climate Change	Human Geography
Geography	Conservation	Planning
Geology	Economics and Policy of Energy and the Environment MSc	Science, Technology, Engineering and Public Policy

Natural Sciences	Environment and Sustainable Development MSc	Science, Technology, Engineering and Public Policy
Natural Sciences	Environment, Politics and Society	Space and Climate Physics
Urban Planning, Design and Management	Environmental Modelling	Sustainable Resources
Urban Studies	Environmental Systems Engineering	Urban Sustainability and Resilience
	Global Management of Natural Resources	
	Health, Wellbeing and Sustainable Buildings	
	Materials for Energy and Environment	
	Remote Sensing and Environmental Mapping	
	Smart Buildings and Digital Engineering	

		Smart Energy and the Built Environment	
		Sustainable Resources: Economics, Policy and Transitions	
		Sustainable Urbanism	
		Urban Sustainability and Resilience	
London School of Economics and Political Science	Geography	Double Degree with Peking University: Environmental Policy, Technology and Health	Environmental Economics
	Environment and Development	Environment and Development	Environmental Policy and Development
	Environmental Policy with Economics	Environmental Economics and Climate Change	
	Geography with Economics	Environmental Policy and Regulation	
		Regional and Urban Planning Studies	

University of Edinburgh	Biological Science (Ecology)	Economics and Environmental Studies	
	Ecological and Environmental Sciences		
	Ecological and Environmental Sciences (with Management)		
	Environmental Geoscience		
Kings College London	Geography and Environmental Sciences	Climate Change: Environment, Science and Policy	Contested Development
		Environment, Policy and Development	Physical and Environmental Geography
		Environmental Science for Sustainability	Political Ecology and Ecosystems Services
		Risk Analysis, Disasters and Resilience	Risk, Hazard and Society
		Sustainable Cities	Urban Futures

University of Manchester	Chemical Engineering with Energy and Environment / Overview	Advanced Power Systems Engineering	Environmental Biology
	Earth and Planetary Sciences with an Integrated Foundation Year	Research in Earth, Atmospheric and Environmental Sciences	Environmental Engineering
	Environmental Management	Data Science (Environmental Analytics)	Environmental Engineering
	Environmental Science	Electrical Power Systems Engineering	Environmental Geochemistry and Geomicrobiology
	Geography	Environmental Governance	Environmental Science
		Environmental Impact Assessment & Management	Occupational & Environmental Health
		Environmental Monitoring, Modelling & Reconstruction	Planning and Environmental Management
		Geoscience for Sustainable Energy	Sustainable Industrial Systems
		Global Urban Development and Planning	

		International Development: Environment, Climate Change and Development	
		Master of Public Health (Environment and Public Health)	
		Pollution & Environmental Control	
		Renewable Energy and Clean Technology	
		Research Methods with Planning and Environmental Management	
		Research Environmental Science	
		Sustainable Industrial Systems	
University of Warwick	Global Sustainable Development	Global Sustainable Development	Global Sustainable Development
	Global Sustainable Development & Business Studies		

	Life Sciences & Global Sustainable Development		
	Philosophy & Global Sustainable Development		
	Psychology & Global Sustainable Development		
	Sociology & Global Sustainable Development		
	Theatre and Performance Studies and Global Sustainable Development		
University of Bristol	Environmental Science & Sustainability (Dumfries Campus)	Conservation Management Of African Ecosystems	Environmental Research
	Geography	Earth Futures: Environments, Communities, Relationships	Environmental Sciences
	Marine & Freshwater Biology	Environment & Sustainable Development	Environmental Sustainability
	Environmental Geoscience	Environmental Futures: Sustainable Systems	Human Geography

Geography	Environmental Geoscience	Infrastructure & Environment
Geography with Quantitative Research Methods	Environmental Risk Management Msc	Statistics (Environmental Statistics)
Geography with Study Abroad	Environmental Science	Systems Power & Energy
Geography with Study Abroad in a Modern Language	Food Security	Earth Sciences
	Geography	Geographical Sciences (Human Geography)
	Management & Sustainable Tourism	Geographical Sciences (Physical Geography)
	Sustainable Energy	Pgdip/ Ecology & Environmental Biology
	Sustainable Water Environments	Sustainable Futures
	Climate Change, Science and Policy	

	Earth Sciences	
	Environmental Geoscience	
	Environmental Geoscience (Study Abroad)	
	Environmental Policy and Management	
	Geography with Innovation	
	Global Environmental Challenges	
	Mlitt in Environment, Culture & Communication (Dumfries Campus)	
	Sustainable Futures	
	Water and Environmental Management	

University of Birmingham	BA Geography	Air Pollution Management and Control	Atmospheric Sciences and Air Pollution PhD with Integrated Study
	BSc Biological Sciences	Applied Meteorology and Climatology	Environmental Health and Risk Management
	BSc Geography	Earth Sciences Research	Geography and Environmental Sciences
	Environmental Science BSc	Energy and Environmental Law	
	Environmental Science MSci	Environment, Development and Politics	
	MSci Biological Sciences	Environmental Health	
	MSci Geography	Geography and Environmental Sciences	
		Health, Safety and Environment Management	
		Hydrogeology	

		Public and Environmental Health Sciences	
		Research in Human Geography	
		River Environments and Their Management	
Queen Mary University of London	Environmental Science	Aquatic Ecology by Research	
	Environmental Science with Business Management	Ecology and Evolutionary Biology	
	Geography BA	Energy and Natural Resources Law	
	Geography BSC	Environmental Law	
	BEng in Sustainable Energy Engineering	Environmental Science by Research	
		Freshwater and Marine Ecology	

		Sustainable Energy Systems	
		Water and Environmental Management	
University of Sheffield	Ecology and Conservation Biology	Ecology and Environment	
	Ecology and Conservation Biology with Placement Year	Biodiversity and Conservation	
	Environmental Geoscience	Environmental Change and International Development	
	Environmental Science	Sustainable Agricultural Technologies	
	Geography	Sustainable Architecture Studies	
	Geography	Ecology and Conservation Biology	
	Geography and Planning	Environmental and Energy Engineering	

		Environmental Science	
		Geography	
University of Southampton	Environmental Geoscience (BSc)	Applied Geographical Information Systems and Remote Sensing	Geography and Environmental Science
	Environmental Geoscience (MSci)	Energy and Sustainability with Electrical Power Engineering	MPhil/PhD Biological Sciences
	Environmental Science (MEnvSci)	Energy and Sustainability: Energy, Environment and Buildings	PhD at the National Oceanography Centre Southampton (NOCS)
	Geography (BA)	Energy and Sustainability: Energy, Resources and Climate Change	
	Geography (BSc)	Environmental Consultancy	
	Mechanical Engineering / Sustainable Energy Systems (MEng)	Environmental Monitoring and Assessment	
	Oceanography with Physical Geography	Environmental Pollution Control	

	Population and Geography	Marine Environment and Resources	
		Sustainability	
		Sustainable Energy Technologies	
University of York	Chemistry, Green Principles and Sustainable Processes	Biodiversity, Ecology and Ecosystems	
	Chemistry, the Atmosphere and the Environment	Chemistry, Green Principles and Sustainable Processes	
	Ecology	Chemistry, Green Principles and Sustainable Processes (with a year abroad)	
	Environment, Economics and Ecology	Chemistry, Green Principles and Sustainable Processes (with a year in industry)	
	Environment, Economics and Ecology (with a year in industry)	Chemistry, the Atmosphere and the Environment	
	Environment, Economics and Ecology (with placement year)	Chemistry, the Atmosphere and the Environment (with a year abroad)	

Environmental Science	Chemistry, the Atmosphere and the Environment (with a year in industry)	
Human Geography and Environment	Corporate Sustainability and Environmental Management	
Natural Sciences (Environment Path)	Ecology	
	Environment, Economics and Ecology	
	Environment, Economics and Ecology (with a year in industry)	
	Environmental Economics and Environmental Management	
	Environmental Geography	
	Environmental Science	
	Environmental Science & Management	

		Green Chemistry & Sustainable Industrial Technology	
		Human Geography and Environment	
		Natural Sciences (Environment Path)	
		Sustainability Science	
		Sustainability Studies	
		Sustainable Business	
Lancaster University	Earth and Environmental Sciences	Conservation and Biodiversity	Environmental Science
	Ecology and Conservation	Earth and Environmental Sciences	Environment and Society
	Environmental Science	Ecology	

	Ecology and Conservation	
	Environment and Development	
	Environment Culture and Society	
	Environmental Management	
	Environmental Science	
	Environmental Science MSc by Research	
	Flood and Coastal Risk Management MSc	
	Flood and Coastal Risk Management PgCert	
	Flood and Coastal Risk Management PgDip	

		Food Security MA (Distance Learning)	
		Plant Sciences MSc	
		Sustainable Water Management MSc	
		Volcanology and the Environment MSc	
Durham University	Climate Science	Earth Science	
	Earth Sciences		
	Environmental Geoscience		
University of Nottingham	Environmental Science	Environmental Biology	Agricultural Systems Management PhD/MPhil/MRes
	Food Science	Environmental Engineering	Ecology and Evolutionary Biology PhD/MRes

Food Science and Nutrition	Environmental Leadership and Management	Environmental Sciences PhD/MPhil/MRes
Plant Science	Environmental Engineering including an industrial year	Plant and Crop Sciences PhD/MPhil/MRes
Agricultural and Crop Sciences	Environmental Science	Sustainable Energy Technology PhD
Agricultural and Livestock Science	Renewable Energy and Architecture	Sustainable Hydrogen CDT PhD
Agricultural Business Management	Sustainable Building Technology	
Agriculture	Sustainable Building Technology (Collaborative)	
Environmental Engineering	Sustainable Energy and Entrepreneurship	
Environmental Engineering including an industrial year	Sustainable Energy Engineering	
Environmental Biology	Food Science	

		Food Science and Nutrition	
		Sustainable Transportation and Electrical Power Systems (Erasmus Mundus)	
		Sustainable Urban Design	
		Plant Science	
University of Leeds	Ecology and Conservation Biology MBIol, BSc	Environmental Leadership and Management	
	Environment and Business	Environmental Science	
	Environmental Science	Plant Science	
	Environmental Sciences International MEnv, BSc	River Basin Dynamics and Management With GIS	
	Geography and Environmental Mathematics	Sustainability and Consultancy	

	Sustainability and Environmental Management	Sustainability in Transport	
	Sustainability and Environmental Management MEnv, BSc	Sustainability and Business	
		Sustainable Cities	
		Sustainable Energy Engineering	
		Sustainable Food Systems	
		Sustainable Transportation and Electrical Power Systems (Erasmus Mundus)	
		Plant Science and Biotechnology	
		Sustainable Urban Design	
University of Sussex	Ecology and Conservation (Hons)	Climate Change, Development and Policy	Development Studies (IDS)

Ecology and Conservation MSci	Conservation Biology	Geography
Geography and Anthropology (Hons)	Energy and Climate Policy	Science and Technology Policy Studies
Geography and International Development (Hons)	Energy Policy (online)	
Geography and International Relations (Hons)	Environment, Development and Policy	
Geography (Hons)	Food and Development	
Geography (Hons)	Global Biodiversity Conservation	
Life Sciences (with a foundation year) (Hons)	Sustainable Development	
	Sustainable Development (online)	
	Sustainable Finance and Accounting	

University of Liverpool	Chemistry for Sustainable Energy (MChem)	Chemistry for Sustainable Energy	Earth Sciences
	Environment and Planning (Hons)	Climate Resilience and Environmental Sustainability in Architecture (CRESTA)	Environmental Science
	Environmental Science (Hons)	Environment and Climate Change	Food Security
	Geography and Planning (Hons)	Environmental Sciences	Geography
	Geography BA (Hons)	Sustainable Food Systems	
	Geography BSc (Hons)		
	Geology and Physical Geography (Hons)		
	Geology and Physical Geography MEdSci (Hons)		
	Geology (Hons)		

	Geology MEdSci (Hons)		
University of Leicester	Applied and Environmental Geology	Environmental Futures	Environmental Governance and Social Justice
	Applied and Environmental Geology MGeol	Geographical Information Science	Environmental Processes and Change
	Environmental Science		
	Geography		
	Human Geography		
University of Exeter	Business and Environment (Cornwall)	Applied Data Science (Ecology and Evolution)	Mphil/ PhD/ MA by Research Renewable Energy
	Conservation Biology and Ecology	Applied Data Science (Environment and Sustainability)	Mining and Minerals Engineering
	Conservation Biology and Ecology (Msci)	Applied Data Science (Renewable Energy)	Mining, Environment and Society

Environmental Geoscience	Conversation and Biodiversity	MPhil/ PhD Law
Environmental Geoscience Msci	Conversation Science and Policy	MPhil/ PhD Legal Practice, Energy and Environmental Law
Resource and Exploration Geology	Evolutionary and Behavioral Ecology	MPhil/ PhD Mathematics and Climate Dynamics
Resource and Exploration Geology Msci	Island Biodiversity and Conservation	MPhil/ PhD Mathematics and the Environment
Environmental Geoscience	Marine Environmental Management	Environmental Biology
Environmental Geoscience MSci	Marine Vertebrate Ecology and Conservation	Climate Change and the Environment
Resource and Exploration Geology	Global Sustainability Solutions	Environmental Intelligence
Environmental Science	Conversation Science and Policy	MPhil/ PhD Geography (Physical)
Environmental Science MSci	Sustainable Development	MPhil/ PhD Renewable Energy

	Mathematics (Climate Science) Msci	Sustainable Futures	MPhil/ PhD Biological Science
	Renewable Energy	Environment, Health and Human Health	MPhil/ PhD Natural Source Economics
	Renewable Energy Engineering	Weather and Climate Change	MPhil/ PhD Environmental Economics
	Renewable Energy Engineering Meng	Environment and Human Health	MPhil/ PhD sustainable Futures
		Mining Environmental Management	
		MSc/PgDip Surveying and Land/Environmental Management	
		Renewable Energy Engineering	
University of Aberdeen	Geography	Mining Environmental Management	Geoscience and the Low Carbon Energy (Geo-Net-Zero)
	Geology	Natural Resources Law	Human Geography

Geoscience	Oil & Gas Law with Dissertation	Law (Centre for Energy Law)
	Oil & Gas Law with Professional Skills	
	Renewable Energy Engineering	
	Resource and Exploration Geology	
	Surveying and Land/Environmental Management	
	Sustainability Transitions	
	Sustainable Development	
	Weather and Climate Science	
	Applied Data Science (Renewable Energy) MSc	

Newcastle University	Agri Business Management	Agricultural and Environmental Science	Agriculture
	Agriculture	Environmental Consultancy	Environmental Science
	Agriculture with Agronomy	Environmental Engineering	Rural Studies
	Agriculture with Animal Production Science	Environmental Engineering	
	Agriculture with Farm Business Management	Environmental Geoscience	
	Applied Plant Science	Environmental Law and Policy	
	Earth Science	Environmental Science	
	Earth Science with Year in Industry	Environmental Science (Agricultural and Environmental Science with Placement)	
	Rural Studies	Environmental Science (Agricultural and Environmental Science)	

	Environmental Science (Clean Technology)	
	Environmental Science (Ecosystem Management with Placement)	
	Environmental Science (Ecosystem Management)	
	Environmental Science (Environmental Geochemistry with Honors)	
	Environmental Science (Environmental Geochemistry)	
	Environmental Science with Placement	
	Food and Rural Development Research	
	Hydroinformatics and Water Management	
	Hydrology and Water Management	

		Rural Studies	
		Sustainable Agriculture and Food Security	
		Sustainable Chemical Engineering	
		Sustainable Transport Engineering	
		Wildlife Management	
Cardiff University	Environmental Geography	Environmental Geography	Earth Sciences
	Environmental Geography with a Year of Study Abroad	Environmental Geoscience	Engineering: Energy and Environment
	Environmental Geoscience	Applied Environmental Geography	Organisms and Environment
	Environmental Geoscience with a Year of Study Abroad	Eco-cities	

Environmental Sustainability Science	Environment and Development	
	Environmental Design of Buildings (1 yr Distance Learning)	
	Environmental Design of Buildings (2 yr DL)	
	Environmental Design of Buildings (3 yr DL)	
	Environmental Design of Buildings	
	Environmental Hazards	
	Global Ecology and Conservation	
	Sustainability Planning and Environment Policy	
	Sustainable Building Conservation	

		Sustainable Mega-Buildings	
		Sustainable Energy and Environment	
		Sustainable Supply Chain Management	
		Water in a Changing World	
University of East Anglia	Ecology and Conservation	Globalisation Business and Sustainable Development (Part Time)	Postgraduate Research in Environmental Sciences
	Ecology and Conservation with a year abroad	Globalisation, Business and Sustainable Development	Remote and continuous monitoring of challenging contaminants in water
	Environmental Sciences	MNatSci in Natural Sciences	
	Environmental Sciences and International Development	Applied Ecology and Conservation	
	Environmental Sciences with a Foundation Year	Applied Ecology and Conservation (Part Time)	

Environmental Sciences with a Placement Year	Climate Change	
International Development and Environment	Climate Change (Part Time)	
International Development and Environment with a placement year	Climate Change and International Development	
International Development and Environment with a Year abroad	Climate Change and International Development (Part Time)	
Marine Sciences	Energy Engineering with Environmental Management	
Marine Sciences with a Placement Year	Environment and International Development	
Meteorology and Oceanography	Environment and International Development (Part Time)	
Meteorology and Oceanography with a Placement Year	Environmental Assessment and Management	
Energy Engineering with Environmental Management	Environmental Sciences	

	Impact Evaluation for International Development	
	Impact Evaluation for International Development	
	Plant Genetics and Crop Improvement (Part Time)	
	Plant Genetics and Crop Improvement (Part Time)	
	Environmental Sciences	
	Environmental Sciences with a Year Abroad	
	Marine Sciences	
	Marine Sciences with a Year Abroad	
	Meteorology and Oceanography	

Queen's University Belfast	Agricultural Technology	Advanced Food Safety	Business Communication for Rural Enterprise
	Agricultural Technology with Professional Studies	Ecological Management and Conservation Biology	Business for Agro-Food and Rural Enterprise
	Energy, Environment and Sustainability	Environment and Civil Engineering	Business for Agro-Food and Rural Enterprise
	Environmental Management	Environment and Civil Engineering Sandwich	Business for Agro-Food and Rural Enterprise- Innovation Management
	Environmental Management with Professional Studies	Environment and Civil Engineering with a Year in Industry	Business for Agro-Food and Rural Enterprise- Rural Enterprise Development
	Food Quality, Safety and Nutrition	Environmental Engineering	Environmental Engineering
	Food Quality, Safety and Nutrition with Professional Studies	Food Safety and Biology	
	Planning, Environment and Development	Future Urbanism	
		Leadership for Sustainable Development	

		Leadership for Sustainable Rural Development	
University of Bath	Biochemistry	MBiochem in Biochemistry	Sustainable Futures
		Sustainable Futures (1 year)	Water Informatics: Science and Engineering
		Sustainable Futures (2 years)	
		Environmental Engineering	
		International Development, Social Justice and Sustainability	
		Sustainability and Management	
University of Dundee	Environmental Science (Hons)	Spatial Planning with Sustainable Urban Design (part-time)	Economic Studies
	Geography and Environmental Science (Hons)	Environmental Law	Law

Business Economics with Marketing and Geography MA (Hons)	Environmental Management	Geography and Environmental Science
Environmental Science (with Dundee & Angus College) (Hons)	Environmental Science and Geography (Hons)	PhD students in CEPMLP
	Environmental Sustainability (Hons)	Urban planning
	Environmental Sustainability and Geography (Hons)	
	Geography and Economics (Hons)	
	Geography and Planning (Hons)	
	International Business and Environmental Sustainability (Hons)	
	Spatial Planning with Sustainable Urban Design	
	Sustainability	

		Sustainability and Environmental Modelling	
		Sustainability and Renewables	
		Sustainability and the Just Transition to a Low Carbon Economy	
		Sustainability and Water Security	
		Sustainability: Climate Change and the Green Economy	
		Urban Planning (Hons)	
University of Reading	Ecology and Wildlife Conservation	Environmental Management	Environmental Science
	Ecology and Wildlife Conservation with Foundation	Environmental Pollution	
	Ecology and Wildlife Conservation with Professional Experience		

	Environmental Management		
	Environmental Management with Foundation		
	Environmental Management with Placement Year		
	Environmental Science		
	Environmental Science with International Foundation Year		
	Environmental Science with Professional Experience		
	Methodology and Climate		
	Law (Environmental Law)		
St George's University of London		Global Health	

		Global Health, Ethics and Law - Module Humanitarian Action and Ethics	
University of St Andrews	Geography	Geography	Environmental Change
	Sustainable Development	Sustainable Aquaculture – distance learning	Geographies
		Sustainable Development	Sustainability
University of Surrey		Corporate Environmental Management	Environment and Sustainability
		Environmental Psychology	Practitioner Doctorate in Sustainability
		Environmental Strategy	
		Sustainable Development	
Swansea University		Environmental Biology: Conservation and Resource Management	

		Environmental Dynamics and Climate Change	
		Geographic Information and Climate Change	
Anglia Ruskin University	Marine and Terrestrial Conservation	Civil and Environmental Engineering	Sustainability
		Sustainability	
University of Essex		Environment, Society and Culture	Environmental Drivers of Food Web Structure
		Wild Writing: Literature, Landscape and the Environment	
University of Kent	Environmental Social Sciences	Biodiversity Management	Agri-Environmental Economics
	Environmental Social Sciences with a Year in Professional Practice	Conversation and International Wildlife Trade	Biodiversity Management
	Wildlife Conservation	Conversation Biology	Environmental Social Science

	Wildlife Conservation with a Year in Professional Practice	Conversation Project Management	International Environmental Law
		Conversational and Rural Development	
		International Environmental Law	
Royal Holloway University of London	Environmental Geology		
	Environmental Geology with a Year in Industry
